

JOB DESCRIPTION

Sustainability Crew Member

Endless Greens

Endless Greens is a fast-growing company located in Evanston, IL that specializes in green residential design and installation of sustainable landscapes. The Sustainability Crew Member will be a part of a team that installs sustainable landscapes.

This is a seasonal April-November, hands-on position that would be perfect for a student on summer break or recent high school graduate. Our business and most of our installations are located in Evanston so we prefer local applications. This position would be full-time, with the work hours being 7am-5pm Monday through Thursday (Fridays are off).

The ideal candidate will demonstrate the following knowledge and/or skill set:

- Experience working on a landscape crew.
- Experience with shovels, hammers, power tools, wheelbarrows, and various other hand tools.
- A positive attitude and openness to learn.
- Eagerness to learn the tools of the trade of sustainable/green development

Key Responsibilities:

- Basic Masonry: Building pathways with brick, stone and other hardscape materials.
- Basic/Rough Carpentry: Raised beds, small retaining walls, arbors, pergolas, trellises, and fencing
- Landscaping: Including but not limited to plantings, mulching, amending soil, waste removal and maintenance.
- Water Conservation: Installing drip irrigation, French drains, rain water gardens, ponds and/or water features.

Skills and Specifications:

- Must be in good physical shape and be able to lift up to 50 lbs.
- Enthusiasm for working outdoors in all types of weather.
- Affinity for hard work/manual labor
- Ability to be a part of a team as well as work independently
- Responsible and honest

Compensation:

- \$ 16 per hour, higher with experience

Apply:

Interested applications should send a resume and a brief statement of interest to:
