Seasonal Garden Install Crew

Sprout Home is hiring seasonal garden crew members for the upcoming season to work as garden project installers. Successful candidates will demonstrate a passion and curiosity for horticulture as well as confidence working outside rain or shine. Prior gardening experience is highly preferred but not essential. Priority will be given to candidates with a background in horticulture, landscaping, urban farming, or a combination of relevant course and field work. Regardless of your experience level, working with Sprout will provide a knowledge base to advance in the field of professional horticulture. Candidates must have a valid driver's license and ability to comfortably lift 50 pounds. This is a part time (16-20 hours per week) seasonal position to start with future opportunity to grow alongside our incredible team. Candidates must be available to work Thursdays and Fridays beginning early April. Compensation commensurate with prior experience. Please send us your resume to chinfo@sprouthome.com or stop by to introduce yourself.
